

CRC 2018 AGM

DIRECTIONS TO CARRS LANE CONFERENCE CENTRE, BIRMINGHAM, B4 7SX

The conference centre is located opposite Moor Street station, so if driving you need to park near to Moor Street station. If travelling by train, the conference centre is nearest to Moor Street station, but access is easy from all main stations in central Birmingham.

Arriving at Birmingham Moor Street

Leave the station by the main exit. The conference centre is across the road, slightly to the right of the station exit.

Arriving at Birmingham Snow Hill

Some trains travel through Snow Hill to Moor Street, so either stay on the train as far as Moor Street or change to a train that is going to Moor Street.

Arriving at Birmingham New Street

Look for directions to Moor Street station. This is along a walkway called Moor Street Link. When you see Moor Street station ahead of you, do not cross the road, but turn left and you'll see the conference centre ahead of you.

At this station, the most important thing is to leave in the right direction. The station has many exits and it is easy to find the wrong exit or to find yourself in the wrong part of the station. New Street station platforms are numbered 1 to 12 and platforms are divided using letters A and B. Head for exits at the 'A' end of the platforms, rather than at the 'B' end. The Moor Street link is at the side of the station with the lower numbers.
